

IHT Organises farewell Reception for German Counsellor Mrs. Ursula Holzhauser

IHT organised farewell reception in honour of Mrs. Ursula Holzhauser on 14th July at India International Centre, New Delhi. Mrs. Holzhauser served in India as German Counsellor Food and Agriculture for about 7 years. During her stay in India, she was instrumental in take up various initiatives for Indo German collaborations.

Welcoming Mrs. Holzhauser, Dr. K.L. Chadha, Chairman IHT, recalled her contribution in forthcoming various collaborations / cooperation for various Indo-German projects. He appreciated her encouragement for various activities of IHT. He also underlined various sectors like innovative technologies for growing horticultural crops and farm subsidies etc. where India and Germany can collaborate.

Mrs. Ursula Holzhauser while thanking Institute of Horticulture Technology for farewell reception talked about the various initiatives for Indo German Collaborations she undertook during her stay in India. She was hopeful that the use of innovative technologies by the farmers in India will reduce the burden of subsidies in agriculture as the same approach Germany has applied for reducing the subsidies in farm sector. She hoped that Institute of Horticulture Technology will continue to train the farmers in the innovative technologies in Horticulture in their excellent facilities and organize events like 'Horti India' which are very much beneficial for direct interaction of farmers with national and international experts and the live showcasing of the innovative technologies for horticulture crop production.
